

CAVATINA UNVEILED AT GREENWICH CREEKSIDE
Telford Homes releases new homes following further sales success

Cavatina Point at Telford Homes' flagship Greenwich Creekside development

With 75 per cent of Greenwich Creekside already sold in only six months, Telford Homes is pleased to announce the launch of the Cavatina apartments at its sought after riverside development. Potential purchasers will be invited to an exclusive viewing of these new homes, which start from £330,000 for a two-bedroom apartment, followed by drinks on Greenwich Creekside's scenic roof terrace from 17 until 19 June 2011.

Apartments at Greenwich Creekside are comprehensively fitted out with neutral décor and high quality fixtures and fittings, including Smeg-equipped Urban Myth kitchens and white Roca bathroom suites. Floor to ceiling windows overlook the landscaped piazza and let natural light flood into the apartments. In addition the development benefits from a 24-hour concierge service, bicycle storage and optional car parking in a secured basement.

Greenwich Creekside combines village life in one of London's most historic quarters with the hustle and bustle of City life, which is only a stone's throw away thanks to exceptional transport links. Cutty Sark DLR station is less than 10 minute walk away, while Greenwich DLR and the mainline stations are also nearby, providing rapid and direct access to London Bridge for connections to the City and West End, or to Canary Wharf and Stratford.

The Squires & Partners' designed scheme has created a new landmark for the area and complements the award winning Laban Dance Centre next door. Greenwich Creekside is intended to encourage people to mix, with new shops and restaurants, pedestrianised streets and relaxing gardens all planned to create a sense of place. Exhibition and performance spaces are part of the overall design to support the local artistic community and provide superb new cultural venues.

Sheena Ellwood, Sales & Marketing Director at Telford homes commented:

“Greenwich Creekside is a unique development in that it boasts both fantastic design and an enviable location with exceptional amenities to please all tastes. It is these credentials that have secured it as one of London’s leading developments, both in terms of its investment potential and its popularity with owner occupiers. Availability is limited at Cavatina and we are expecting a high level of interest from a diverse range of both domestic and international buyers.”
